

Millbank Medical Centre

Care.data Opt-out Form

(from secondary use of patient identifiable data)

Please could you add the relevant 'electronic flags' to my medical records, in order to ensure:

- that personal confidential information is not uploaded from my GP records to the Health and Social Care Information Centre (HSCIC) via the General Practice Extraction Service (GPES) or other means (**9Nu0**)
- that personal confidential information gathered from *any* health and social care setting is prevented from leaving the HSCIC (**9Nu4**)

I understand the implications of this request:

- that it will not affect the medical care that I receive either from the GP surgery or from anywhere within the NHS or the private sector
- that this refusal does not in any way prohibit the GP surgery from sharing my medical information with other NHS and private services, where necessary, to provide effective clinical care
- that I can change our mind at any time about this refusal
- that I will inform you if I subsequently decide to opt back into this system

Please complete in BLOCK CAPITALS
